Our Strategies remain unchanged

“The Public Bank Group will continue to focus on its core retail banking and financing business whilst maintaining its prudent credit policies, and further improve on its cost efficiency.

The Group expects its strong asset quality to be sustained, and will continue to leverage on the strong PB Brand franchise and its wide and efficient branch network to deliver balance sheet and revenue growth. The Group remains steadfast in its commitment to upholding strong corporate governance and implementation of sound risk management policies to support long-term growth.

With the expectations that global uncertainties and volatility will persist over the medium term, we remain vigilant and focused in balancing growth with sustainable returns. On the service delivery front, we will continue to uphold our superior customer service and delivery excellence.

The outlook of the Malaysian banking sector, in which the Group largely operates, continues to be stable and supportive of growth. Barring unforeseen circumstances, the Group is expected to maintain its earnings momentum and continue to record satisfactory performance in 2012.”

Transition to MFRS Framework – Adoption of MFRS 139

Prior to the adoption of MFRS 139, the collective assessment allowance of the Bank and its domestic banking subsidiaries have been maintained at 1.5% of total outstanding loans, net of individual assessment allowance, pursuant to the relevant BNM guidelines

With the adoption of MFRS 139 commencing 1 January 2012, the collective assessment allowance is provided for using the incurred loss approach on the basis of the historical loss experience

The key impacts from the adoption of MFRS 139 are:

- Lower collective assessment allowances which resulted in :
 - excess in the brought forward collective assessment allowance and the corresponding write back of such excess in opening retained profits
 - lower collective assessment allowance charged in the income statement
- Accordingly, the write back of the excess collective assessment allowance as at 1 January 2012 has:
 - increased the shareholders' funds by RM859 million (net of tax)
 - enhanced the Group's core equity Tier 1 capital ratio by 0.5%
- Retrospective application of MFRS 139 which resulted in the restatement of comparative financial statements

Contribution to Revenue & Pre-tax Profit – by Business

Revenue Contribution

Pre-tax Profit Contribution

Based on financial results as of 31 March 2012

- Retail operations and hire purchase segment continue to be the major contributor to revenue and profits of the Group

Net Interest Income & Margins - Stable and healthy growth

Net Interest Income and margin

- Overall NIM for Q1 2012 has marginally declined from earlier quarters due to competitive pressure on interest margins and escalating funding costs
- Net Interest and financing income for the current quarter remains healthy despite the short month in February
- Growth in net interest and finance income during the quarter was due to healthy loan and deposit growth

Non-Interest Income

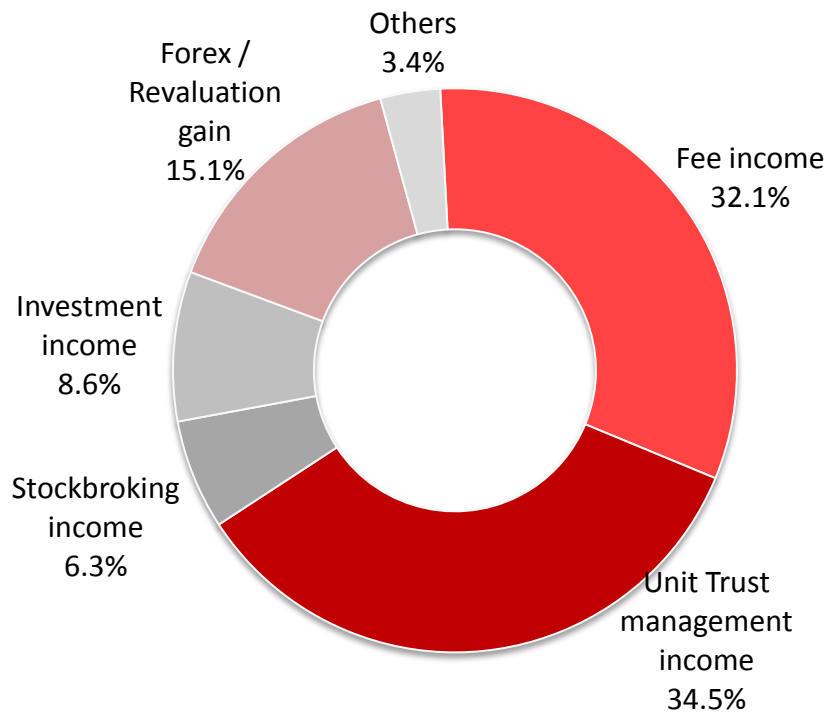

- The Group's non-interest income in Q1 2012 see an increase from Q1 2011, with a quarter-on-quarter increase of 4.8%
- The Group's non-interest income in Q1 2012 has marginally dropped from Q4 2011 by RM9.6 million due to lower foreign exchange profit and lower net gain on financial instruments

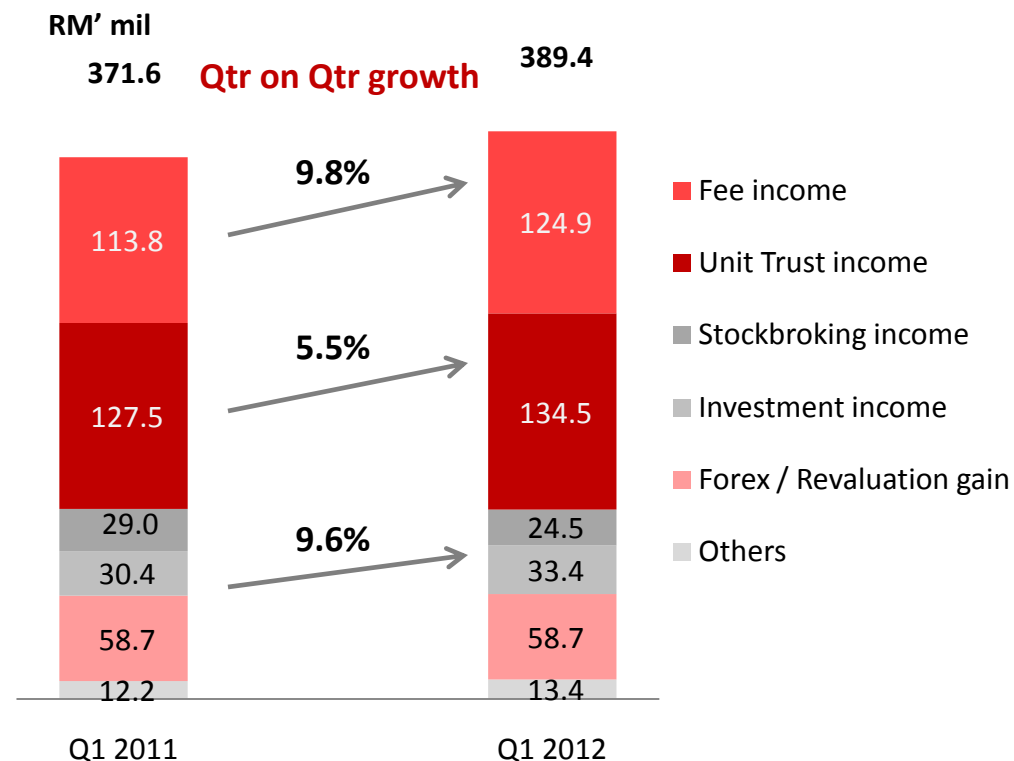

Non-Interest Income Contribution & Growth Traction

Non-Interest Income Contribution

Based on financial results as of 31 March 2012

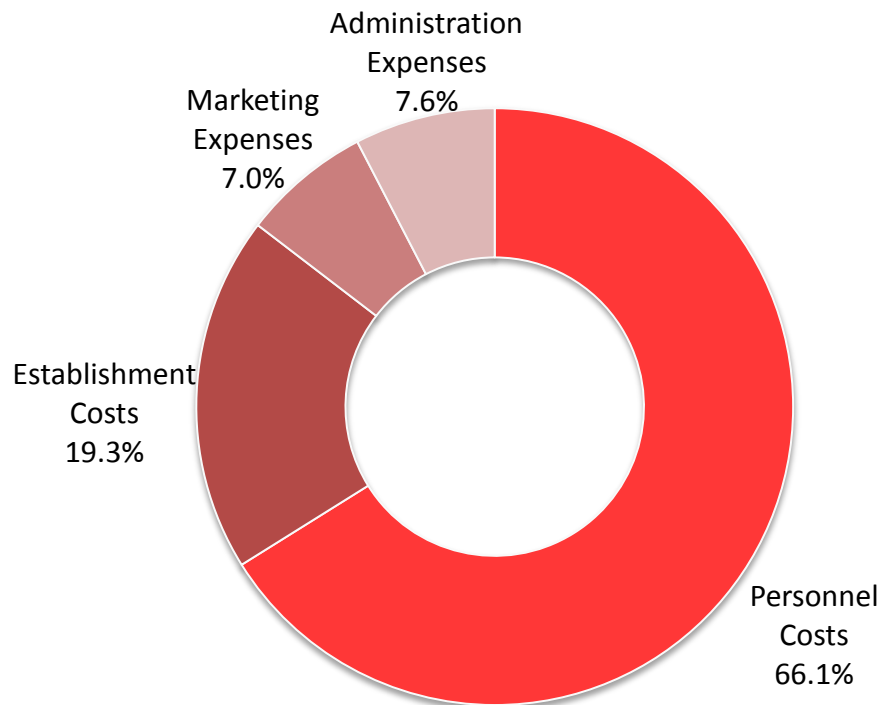

- The increase in non-interest income in Q1 2012 was mainly contributed by the Group's fee income, unit trust and investment income

Efficient Operating Overheads

Operating Costs Contribution

Based on financial result as at 31 March 2012

RM'mil	Q1 2012	Q1 2011	Change

Basel III Implementation

- BNM's latest circular indicated BNM's intention to follow the International Basel III capital requirement and transitional timeline from January 2013 – January 2019
- No capital buffer required for “systemically important banks” for the time being
- BNM will issue concept paper by 2014 on counter-cyclical capital buffer requirement

Capital Management

Meeting Basel III Minimum Requirements Ahead of Time[#]

Enhancement to Group's Core Equity Capital to be achieved by:

- Strong profit generation capacity
- Strong asset quality
- Continuous enhancement of efficient capital usage, in particular emphasis on less capital-intensive fee based and non-interest income businesses

[#] The Basel III capital ratio requirements are inclusive of the 2.5% capital conservation buffer, but excluding any counter-cyclical buffer which is subject to regulator's discretion.
